Address : Elshaik zaid , Giza, Egypt

Professional Summary

Seeking a Flutter Development Internship. Proficient in Flutter, Firebase, GetX, and MySQL; experienced in mobile development using clean architecture design patterns and REST APIs. I excel in state management (Bloc, GetX, Provider), applying designs, and following clean code best practices. My skills include version control (Git), problem-solving, good communication, and teamwork. I am a highly motivated problem-solver eager to contribute to a dynamic team.
